"I don't like your heart action," the doctor said, applying the stethoscope again. "You have had some trouble with agina pectoris." "You're partly right, Doc, only that ain't her name."

OLD NAME -- NEW OPERATOR

Most of the AHS members are familiar with the name "Hibiscus by Hudson" located in Daytona Beach. Tom and Myrtle Hudson have many fine hybrids to their credit. Most of the 'Old Timers' remember Tom and his plants at most all of the shows.

We were told the other day by Myrtle that the name is still in use but by a new owner. Her brother has purchased the business and will operate at the same location under the firm name of "Hibiscus by Hudson".

The new owner, Mr. Don H. Strickland, was born in Daytona Beach but had moved to Springfield, Mass. He missed his hibiscus so has come back to take over the nursery. He will be assisted by his wife, Betty. She is teaching school now but will soon be with him at the nursery.

Good Luck, Don. Hope to see you at the shows next year.

LAST MINUTE RAMBLINGS

The editor needs some help. How about some of the chapters selling ads? We do need more so that the Seed Pod can be self supporting. It takes time to sell the ads and the editor just hasn't got any of that comodity. Seems to run out of time more and more each year.

WHAT AM I?

I am 25 cents. I am not on speaking terms with the butcher. I am not large enough to purchase a box of candy. I am too small to buy a ticket to a movie. I am hardly fit for a tip - - but belive me when I bo to church on Sunday I am considered SOME MONEY.
